For items with multiple material descriptions / purpose of use please choose which one(s) is / are applicable to your item.

| COMMON NAME | BOTANICAL NAME | MATERIAL DESCRIPTION |
|-------------------------------|-------------------------|--|
| Achillea | Achillea spp. | seeds for propagation OR seedlings (plants) for propagation |
| Adenium | Adenium spp. | seeds for propagation OR seedlings (plants) for propagation |
| African Iris | Dietes spp. | plant for propagation |
| African lily | Agapanthus spp. | cut flower |
| Chinese evergreens | Aglaonema spp. | plant for propagation |
| Ajwain Seeds | Trachyspermum copticum | seed for consumption OR seed for medicinal use |
| Alfalfa | Medicago sativa | seed for propagation OR seed for animal forage |
| Alfalfa Sprouts | Medicago sativa | sprouts for consumption |
| AllSpice Seeds | Pimenta dioica | dried seeds for consumption OR seasoning |
| Almond nuts | Prunus dulcis | seed for consumption |
| Alpinia | Alpinia spp. | plant for propagation |
| Alstroemeria | Alstroemeria spp. | cut flower |
| Alstromeria spp. | Same as above | cut flower |
| Ananas or pineapple | Ananas comosus | fruit for consumption OR fruit for processing |
| Anemone Pom | Anemone spp. | plant for propagation |
| Anise | Pimpinella anisum | dried spice |
| Aniseeds | Pimpinella anisum | dried spice |
| Anthurium | Anthurium spp. | plant for propagation OR cut flowers and foliage |
| Antirrhinum | Antirrhinum spp. | seed for propagation |
| Apples | Malus domestica | fruit for consumption |
| Apricots | Prunus armeniaca | fruit for consumption |
| Arbovitae | Thuja spp. | plants for propagation |
| Areca | Areca spp. | seed for propagation |
| Arrowroot | Maranta arundinacea | flour for processing |
| Artichoke | Cynara cardunculus | vegetable for consumption |
| Arugula | Eruca sativa | seed for propagation |
| Asclepias | Asclepias spp. | seed for propagation |
| Asiatic Lily or Oriental Lily | Lilium spp. | cut flower for propagation OR plant for propagation |
| Asparagus | Asparagus officinalis | plant for propagation OR seed for propagation OR vegetable for consumption |
| Aster | Aster spp. | seed for propagation |
| Avocadoes | Persea americana | fruit for consumption |
| Azaleas | Rhododendron spp. | plant for propagation |
| Baby Bokchoy | Brassica rapa chinensis | seed for propagation OR vegetable for consumption |

| COMMON NAME | BOTANICAL NAME | MATERIAL DESCRIPTION |
|-------------------------------|---------------------|--|
| Baby's Breath | Gypsophilia spp. | cut flower for propagation OR seed for propagation |
| Baby Carrots | Daucus carota | seed for propagation OR root vegetable for consumption |
| Baby's Breath or Million Star | Gypsophilia spp. | cut flower |
| Bahia Grass Seeds | Paspalum notatum | seed for propagation |
| Balsam | Abies spp. | seed for propagation |
| Bananas | Musa acuminata | fruit for consumption OR tissue culture plantlets for propagation |
| Basil | Ocimum basilicum | dried herb and spices for consumption OR seed for propagation |
| Basmati Rice | Oryza spp. | seed for consumption |
| Bay Leaves | Laurus nobilis | dried spice |
| Bean | Phaseolus spp. | vegetable for consumption OR seed for propagation |
| Beaucarnea | Beaucarnea spp. | seed for propagation |
| Beet | Beta vulgaris | vegetable for consumption OR seed for propagation |
| Begonia | | seed for propagation OR plant for propagation |
| Bells of Ireland | Moluccella laevis | cut flower and foliage |
| Bermuda Grass | Cynodon dactylon | seed for propagation |
| Billy Button | Craspedia spp. | cut flower OR plant for propagation |
| Bing Cherries | Prunus avium | fruit for consumption |
| Bird of Paradise | Strelitzia reginae | plant for propagation OR seed for propagation |
| Bitter Gourd | Momordica charantia | seed for propagation |
| Black and white cum | Cuminum cyminum | dried herbs and spices |
| Black and white pep | Piper nigrum | dried herbs and spices |
| Black and white ses | Sesamum indicum | dried herbs and spices |
| Black Cumin Seeds | Nigella sativa | dried herbs and spices |
| Black Eye Peas | Vigna unguiculata | seed for propagation OR seed for consumption |
| Black Malt | Hordeum vulgare | seed for processing |
| Black Mung Beans | Vigna radiata | seed for propagation OR seed for consumption |
| Blackberries | Rubus fruticosus | fruit for consumption |
| Blueberries | Vaccinium spp. | fruit for consumption |
| Bodi | Vigna unguiculata | seed for propagation |
| Bok Choy | Brassica chinensis | seed for propagation OR vegetable for consumption |
| Bouvardia | Bouvardia spp. | plant for propagation |
| Bottle Gourd | Lagenaria siceraria | seed for propagation |

| COMMON NAME | BOTANICAL NAME | MATERIAL DESCRIPTION |
|------------------|----------------------------------|--|
| Bougainvillea | Bougainvillea glabra | seed for propagation OR plant for propagation |
| Bracco Flower | Brassica oleracea var. acepola | seed for propagation OR vegetable for consumption |
| Brazil Nuts | Bertholletia excelsa | nut for consumption |
| Breadfruit | Artocarpus altilis | fruit for consumption OR root cuttings for propagation |
| Broad Beans | Vicia faba | seed for propagation OR seed for consumption |
| Broccoflower | Brassica oleracea | seed for propagation OR vegetable for consumption |
| Broccoli | Brassica oleracea | seed for propagation OR vegetable for consumption |
| Brown Rice | Oryza spp. | seed for propagation OR seed for consumption |
| Brussel sprouts | Brassica oleracea var. gemmifera | seed for propagation OR vegetable for consumption |
| Buckwheat | Fagopyrum esculentum | grain for consumption OR grain for processing OR grain for bird feed |
| Bupleurum | Bupleurum spp. | cut flower |
| Brugmansia | Brugmansia spp. | plant for propagation |
| Cabbage | Brassica oleracea var. capitata | seed for propagation OR vegetable for consumption |
| Calathea | Calathea spp. | plant for propagation |
| Calla Lilly | Zantedeschia spp. | bulb for propagation |
| Camellia | Camellia spp. | plant for propagation |
| Campanula | Campanula spp. | cut flower |
| Canary Seeds | Phalaris carnariensis | bird feed |
| Cantaloupe | Cucumis melo | fruit for consumption |
| Canterbury Bells | Campanula medium | cut flower |
| Cardamom Seeds | Elettaria cardamomum | seed for processing |
| Carnations | Dianthus caryophyllus | seed for propagation OR plant for propagation OR cut flowers |
| Carrot | Daucus carota | seed for propagation OR root tuber for consumption |
| Cashew nut | Anacardium occidentale | seed for consumption |
| Caspia or Misty | Limonium ferulaceum | cut flower |
| Cassava | Manihot esculenta | tuber for consumption OR tuber for processing |
| Cauliflower | Brassica oleracea var. botrytis | seed for propagation OR vegetable for consumption |
| Celery | Apium graveolens | seed for propagation |
| Celery Heart | Apium graveolens | vegetable for consumption |

| Celery stalk dried | Apium graveolens | vegetable for consumption OR vegetable for processing |
| Celosia | Celosia spp. | plant for propagation |
| Chamaedorea | Chamaedorea spp. | seed for propagation |
| Channa | Cicer arietinum | seed for consumption |
| Chapati Flour | Triticum spp. | flour for consumption |
| Chard (Spinach) | Spinacea oleracea | vegetable for consumption |
| Chenette | Blighia sapida | fruit for consumption |
| Cherries | Prunus spp. | fruit for consumption |
| Chick peas | Cicer arietinum | seed for consumption |
| Chilli Flakes | Capsicum frutescens | flakes for consumption OR flakes for processing |
| Chilli Peppers | Capsicum frutescens | seed for propagation OR vegetable for consumption OR vegetable for processing |
| Chinese Cabbage | Brassica rapa subsp. chinensis | seed for propagation OR leafy vegetable for consumption |
| Chippolin Onion | Allium cepa | seed for propagation OR vegetable for consumption |
| Chive | Allium schoenoprasum | seed for propagation |
| Chrysanthemums | Chrysanthemum spp. | seed for propagation OR plant for propagation OR cut flower |
| Cilantro | Coriandrum sativum | seed for propagation |
| Cinnamon | Cinnamomum verum | dried herbs and spices |
| Clematis | Clematis spp. | seed for propagation |
| Clove | Syzygium aromaticum | dried herbs and spices |
| Coconuts | Cocos nucifera | dry husked seed for consumption OR dry husked seed for processing OR green nut (water) for consumption |
| Coffee Beans | Coffea spp. | seeds for processing |
| Coleus | Coleus spp. | plant for propagation |
| Collard (Spinach) | Brassica oleracea var. viridis | seed for propagation OR vegetable for consumption |
| Cordyline | Cordyline spp. | plant for propagation |
| Corkscrew Willow or Curly Willow | Salix matsudana | cut flower OR plant for propagation |
| Corn | Zea mays | vegetable for consumption OR seed for propagation |
| Coriander | Coriandrum sativum | dried herb and spices |
| Coriander Seeds | Coriandrum sativum | seed for propagation |
| Cosmos | Cosmos spp. | plant for propagation |
| Cranberries | Vaccinium macrocarpon | fruit for consumption |
| Crape Myrtle | Lagerstroemia indica | seed for propagation |
| Cremon | Dendrathera grandiflorum | cut flower |

| Cristia | Christia spp. | plant for propagation |
| Crossandra | Crossandra spp. | plant for propagation |
| Crown of Thorns | Euphorbia spp. | cut flower OR plant for propagation |
| Cucumber | Cucumis sativus | seed for propagation OR vegetable for consumption |
| Cumin Seeds | Cuminum cyminum | dried herbs and spices |
| Cuphea | Cuphea spp. | plant for propagation |
| Currants | Ribes spathianum | dried fruits for consumption OR dried fruits for processing |
| Cycas | Cycas revoluta | plant for propagation OR seed for propagation |
| Cymbidium | Cymbidium spp. | plant for propagation OR cut flower |
| Cymbidium Orchids | Cymbidium spp. | plant for propagation OR cut flower |
| Cypress | Taxodium distichum | plant for propagation |
| Daffodils | Narcissus spp. | cut flower or seed for propagation OR plant for propagation |
| Dahlia | Dahlia spp. | plant for propagation |
| Daisy Pom | Bellis perennis | cut flower |
| Dasheen | Colocasia esculenta | corm for consumption |
| Dates | Phoenix dactylifera | dried fruit for consumption |
| Delphinium | Delphinium spp. | cut flower |
| Dendrobium | Dendrobium spp. | plant for propagation OR cut flower |
| Desert Rose | Adenium obesum | plant for propagation OR seed for propagation |
| Dianella | Dianella spp. | plant for propagation |
| Dianthus | Dianthus spp. | cut flower OR plant for propagation OR seed for propagation |
| Dichondra | Dichondra spp. | seed for propagation |
| Dill | Anethum graveolens | dried herb and spice OR seed for propagation |
| Dimocarpus | Dimocarpus longan | plant for propagation |
| Dracaena (Lucky Bamboo) | Dracaena spp, | plant for propagation OR cut flower |
| Dracena | Dracaena spp. | plant for propagation OR cut flower |
| Dried Apricot | Prunus armeniaca | dried fruit for consumption |
| Dried Husk Coconut | Cocos nucifera | seed for consumption |
| Dried Husk Coconuts | Cocos nucifera | seed for consumption |
| Dried Navy Bean | Phaseolus vulgaris | seed for consumption |

| Dried Pigeon Peas | Cajanus cajan | seed for consumption OR seed for propagation |
| Eddoes | Colocasia esculenta | corm for consumption |
| Eggplant | Solanum melongena | vegetable for consumption OR seed for propagation |
| Endives | Cichorium endivia | vegetable for consumption |
| Eryngium (Blue Thistle) | Eryngium spp. | plant for propagation |
| Eucalyptus | Eucalyptus cinerea | foliage |
| Euphorbia | Euphorbia spp. | plant for propagation |
| Fennel | Foeniculum vulgare | dried herb and spices |
| Fennel Seeds | Foeniculum vulgare | seed for propagation |
| Fenugreek | Trigonella foenum-graecum | dried herbs and spices |
| Figs | Ficus carica | fruit for consumption |
| Flax | Linum usitatissimum | seed for processing OR seed for propagation |
| Football Mum or Boris Becker Mum | Chrysanthemum spp. | seed for propagation OR plant for propagation OR cut flower |
| Frangipani | Plumeria rubra var. acutifolia | plant for propagation |
| Freesia | Freesia spp. | seed for propagation OR cut flower |
| Gladioli | Gladiolus spp. | cut flower OR bulb for propagation |
| Garlic | Allium sativum | vegetable for consumption OR vegetable for processing |
| Genista | Genista spp. | plant for propagation |
| Geranium | Geranium spp. | plant for propagation OR seed for propagation |
| Gerbera | Gerbera spp. | cut flower OR plant for propagation OR seed for propagation |
| German Statice | Goniolimon tataricum | cut flower and foliage |
| Ginger | Zingiber officinale | fresh rhizome for consumption OR dried form for processing |
| Gladiolus | Gladiolus spp. | bulb for propagation |
| Gladiolus | Gladiolus spp. | bulb for propagation |
| Globba | Globba spp. | plant for propagation |
| Godetia | Clarkia amoena | seed for propagation |
| Golden Apples | Spondias dulcis | fruit for consumption |
| Gypsophila | Gypsophila spp. | cut flower |
| Grapes | Vitis vinifera | fruit for consumption |
| Green Beans | Phaseolus vulgaris | green beans for consumption |
| Green Coconuts | Cocos nucifera | green nuts for consumption (coconut water) |
| Green Fig | Musa spp. | fruit for consumption |
| Green Peppers | Capsicum annum | vegetable for consumption |
